Hi Ellen

I hope you are doing well.

I wanted to introduce you to my colleague Jilly Canizares. She is the director of the Gateway to Nature - Western National Parks Center here at El Pueblo Historical Monument.

Last time we met, I was very happy to hear about all the great work you do in media relations. I thought it would be good for Jilly to meet you as the Western National Parks Assoc is looking to broaden their reach here in LA.

Jilly is a local girl, and knows a lot of people in Little Tokyo. I think you will enjoy meeting her.

All my best to you,

--
